WHO WE ARE

Founded in 2007, GRACE Association Pakistan is a pioneering grassroots organization that grew from a children's movement for girls' education in the remote villages of Gilgit-Baltistan.

Over the past two decades, GRACE has become a national symbol of community-driven change—empowering marginalized children, youth, and women through education, skills development, and inclusive growth.

Our Vision

GRACE envisages the socio-economic aspirations of marginalised and economically vulnerable communities to create a prosperous and peaceful society.

Our Mission

GRACE endeavors to empower and improve the quality of life of marginalized and vulnerable grassroots communities in the least developed parts of Pakistan.

Our Values

GRACE has adopted two core values: social justice and equity and democracy – for its institutional norms and programmatic operations.
